changing lives...

Assalam-u-Alaikum (Peace be upon you)

It is with great pleasure that we present to you our Report 2014 which gives you a snapshot of our work over the last year. Our Staff and volunteers have been working tirelessly over the past 12 months to help expand and maintain projects in over 15 countries.

Typhoon Haiyan wreaked havoc across much of the central Philippines with an estimated death toll of 6000, many more injured and millions left homeless. ATI immediately flew out much needed assistance and to provide food and medical supplies. In Tharparkar (Pakistan) over 250,000 families were affected by one of the worst droughts in decades which took over 800 precious human lives. ATI ran medical camps in the open desert and provided villagers with much needed food and water.

In addition to these emergencies we continued and sustained our health-care and livelihood projects in a number of countries. With your generous support we were able to provide 100s of orphan families with regular financial support and 1000s were able to access safe, clean water for the first time in their life.

On behalf of ATI staff and volunteers, we thank you all for your continued support throughout the year.

May Allah Almighty accept our efforts and enable us to serve humanity with greater determination, devotion and commitment, Ameen.

Jazakallah khair

Emergency

Aid was delivered via a team of 9-10 volunteers who helped distribute food packages, blankets and hygiene kits to survivors.

Typhoon Haiyan was one of the strongest tropical cyclones ever recorded. It wreaked havoc across much of the central Philippines where 90% of the structures were either destroyed or damaged.

Death toll: More than 6,000

People injured: More than 28,000

People displaced: 4.1 million

Tharparkar drought

Tharparkar is located in Sindh, Pakistan and is one of the most underdeveloped areas in the country which lies in an arid zone. Drought recurs and usually there is no rain every third year. Recent drought was one of the worst in decades which took over 800 lives including 130 children.

Much of the relief work was limited to the city areas. Distribution of rations and relief work did not reach the hard-to-reach rural areas. ATI launched an emergency appeal and worked in rural areas providing people with food, clean water and emergency medical supplies. A total of 2000 people were served in ATI's relief camps.

1to1 Orphan Sponsorship

supports orphans and needy children through the provision of education, healthcare, food and clothing vital for their development.

ATI sponsors 380 poor and destitute orphans and 700 needy children in 7 countries which include Sudan, The Gambia, Pakistan, Kashmir, Bangladesh, Nepal and Mauritania. The programme makes a long term commitment to the education and welfare of children.

How much this costs?

It cost just £20 a month to sponsor a needy orphan.

How is your money spent?

The sponsorship money is paid to the trusted guardian of the orphan in a very transparent manner. A meeting with the orphan's guardian is held every three months to discuss education, performance and general well-being of the orphan.

What do you get in return?

Upon the commencement of sponsorship you will receive profile of the orphan with complete details about orphan's family, education and picture of the orphan. Then at the end of every academic year you will receive a school performance report and

SAFE WATER FOR ALL

Every year ATI implements several sustainable solutions to ensure the supply of clean, safe drinking water to people who otherwise have no access to it. In addition to emergency water supplies in drought hit areas our SAFE WATER FOR ALL campaign provides 1000s of needy families with personalised resource of safe and clean water in the form of shallow water wells and community water facilities. Since 2006 we have worked tirelessly in constructing wells in Sudan, Somalia, Bangladesh, Pakistan, India and Nepal.

Over the past 12 months ATI has installed
268 shallow water wells
7 community water facilities

Gift of
Clean Water
for just £150

Pakistan

205 shallow water wells and hand pumps in KPK province

5 deep community wells in Punjab Province
Emergency supply of 3000 litres in Drought hit Tharpar district.

16 sanitation facilities

Number of beneficiaries 5090 people

Donate now: 0114-2447253 www.almustafatrust.co.uk

Bangladesh

39 shallow water wells and hand pumps in Rautahat District
Number of beneficiaries 380

Nepal

24 shallow water wells and hand pumps
Number of beneficiaries 1600

Sudan

2 community water facilities in Darfur
Number of beneficiaries 300

Education

Education is the assured way out of poverty and disadvantage. However, even in 21st century, it remains unreachable to many. ATI has always given the provision of education and training great importance as it is so fundamental a human right and critical to the progress of those that we work with. Over the past 12 months we have been able to continue our commitment and have expanded our provision of education and increased the number of projects we support. A combination of formal and informal education was delivered to 100s of children giving them an opportunity to get the best start in life.

Livelihood Projects

Every human being has self-respect and would prefer to earn an income rather than be dependent on the charity of others. Earning an income gives a person independence and dignity. ATI is committed towards empowering the less fortunate and help them achieve self-sufficiency. We have been able to initiate a number of livelihood projects over the last year and supported many underprivileged find lasting solutions to their problems. Thank you for your support!
